

SAFE STREETS PROJECT

WE'RE TAKING BACK FREE SPEECH

STATEMENT ON THE CAPTURE AND ARREST OF ERIC MICHAEL CLANTON

“The Safe Streets Project is gratified to see Eric Michael Clanton arrested and detained as a prisoner to answer violent felony charges. The rendition of violent Antifa criminals to law enforcement is the work of the Safe Streets Project and we unhesitatingly celebrate the success of /pol/ in furthering that mission through their brilliant collaboration.

“Decent men and women must never tolerate masked, violent attackers who openly insist that free speech be destroyed. Nor can anonymous black-garbed mobs be allowed to roam free and assault elderly citizens with chemicals, explosives, and weapons.

“The rendition of Eric Michael Clanton to a court of law is an outstanding success for a new model of real-time intelligence analysis and operations. It forges the best of individual initiative with the explosive hive brilliance of the age, and the Safe Streets Project is proud to work with our partners both public and private.”
